

# CAROLINA STAINED GLASS

Custom Stained Glass, Fused Glass & Mosaics

## Fall 2018 CLASS SCHEDULE

### THE GLASS GAZETTE

- **OPEN STUDIO FUSED GLASS—\$150.00**

**Monday Evenings : 6:30PM—8:30PM—Sept 17 — Oct 22**

Students use this time to create projects of their own choice. Use of molds and firings are included as well as some scrap glass and frit. Instructor is available to help with projects and trouble shoot. Students provide their own glass cutter and pliers. Basic knowledge of fusing and glass cutting required.

Suzie Geyer Instructor

- **INTRODUCTION TO STAINED GLASS—\$135.00**

**Saturdays 10am—12noon—Sept —22—October 13**

Students will learn glass cutting basics and the copper method of stained glass constructions. Students must purchase their own glass cutter, breaker pliers, soldering iron. Fee includes materials. Suzie Geyer Instructor

- **INTRODUCTION TO FUSED GLASS—\$150.00**

**Thursday Evenings—6:30—8:30—Sept 13-Oct 18**

Students will learn glass cutting and fusing basics. Test tiles will be made using a variety of techniques. In addition, students will make projects of their own choosing using the techniques learned. Students must purchase their own glass cutter, breaker pliers. Materials are provided for the test tile projects.

Suzie Geyer Instructor

- **FUSED GLASS 3-D LIGHT UP CHRISTMAS TREE—\$95.00**

**Tuesday October 9 and Tuesday October 16—6:30PM —8:30PM**

**Or Monday Nov 5 & Wed Nov 7—6:30PM—8:30PM**

Create a 3 dimensional lighted Christmas Tree approximately 9" tall.

All Materials provided including light source. No glass cutting or fusing experience required.

Suzie Geyer Instructor

- **FRIT CASTING PLATTER, BOWL OR PLATE**

**Tuesday Nov 6 and Thurs Nov 8: 6:30PM—8:30PM—\$150.00**

Learn to create fused glass castings using Creative Paradise molds and Bullseye powders and frit. Castings will then be used as design elements for a bowl or platter. No glass cutting or fusing experience required. All materials and firings included in fee. Suzie Geyer Instructor

**CAROLINA STAINED GLASS IS EXCITED TO HOST WESLEY WONG IN OCTOBER OF 2018 FEATURING FUSED IRIDIZED DRAGONFLY, STAND UP CRITTERS AND FREEZE & FUSE. We hosted Wesley last May and his classes were a hugh hit with the students! Don't miss out on this awesome opportunity!**

**YOU CAN FIND OUT MORE ABOUT WESLEY'S WORK AT [www.glasstastique.com](http://www.glasstastique.com) or on facebook.**

- **FUSED IRIDIZED DRAGONFLY— (1 Day Class)**

**FRIDAY OCTOBER 26— \$195.00**

All supplies provided. Bring your own glass cutting tools.

Skill Level: Intermediate, Basic glass cutting skills required

Hours: 9am – 5pm

Create a fused glass dragonfly with sparkling iridescent wings. Students will learn how to angle the wings, include wire legs and antennae and two techniques for constructing the wings. The dragonflies may be embellished with glow-in-the-dark powder to illuminate the wings at night. Patterns will be provided and students will be shown how to scale down and mount the dragonflies for ornaments. We will also make a lily pad to display your dragonfly. As time permits, students can make a dragonfly pendant.

- **DIMENSIONAL FUSING WITH STAND UP CRITTERS (1 Day Class)**

**SATURDAY OCTOBER 27—TUITION \$195**

All supplies provided. Bring your glass cutting tools

Skill Level: Intermediate, Basic glass cutting skills required

Hours: 9am – 5pm

Want to create a free-standing fused glass animal without using any molds? These cute creatures make great gifts and will bring a smile to any animal lover! This class will teach you techniques for adding texture and movement to the critters through the use of various fused glass materials, glass paints, and fiber paper that will allow the critters to stand on their legs or fins. A discussion on how to rescale the patterns will be provided. Students will have a selection of patterns to choose from and can make one or two animals as time allows.

- **PATE DE VERRE ON ICE: FREEZE & FUSE GLASS (1 Day Class)**

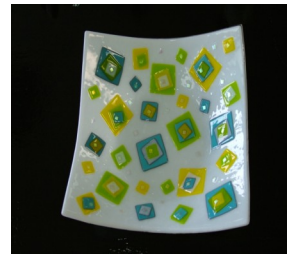

**SUNDAY OCTOBER 28—TUITION \$195.00**

All supplies provided. Bring your glass cutting tools

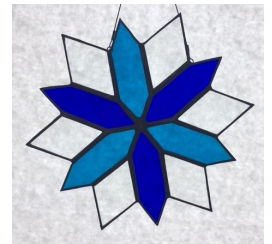

Skill Level: All levels, No fusing experience required

Hours: 10am – 5pm

In this class, you will make small and large fused glass elements with lots of color and detail, that can be incorporated into another project or used for jewelry. Glass powders are packed into silicone or plastic molds, frozen, and fired in the kiln. You can add glow pigments to the powders to make the pieces glow-in-the-dark. The larger projects are packed with fiber material that forms a mold resulting in a light weight and hollow piece after it is fired. You will have the opportunity to make several flowers, skulls, butterflies, and other creatures from the molds. You are encouraged to bring your own fondant or candy molds.
